

PACIFIC GEM BIO

Origin: New-Zealand

The Pacific Gem was developed by the *New Zealand Hop Breeding* programme and released in 1987.

As a late addition, it also provides interesting aromas for those seeking red berry flavours.

TYPE OF HOP:

Bittering

USE:

Pale Ale, IPA, Brown Ale, English Ale

SUBSTITUTES:

Cluster, Columbus, Fuggle

It is one of the hops with high alpha acid and cohumulone levels that make it a great Bittering !
