

# SULTANA™ BIO

Origin: United-States

Sultana™ is a descendant of Nugget, Zeus and the experimental USDA 19058m. Its first cross was born in 2006 and it reached the brewers for the first time in 2019.

So it is part of this new generation of hops with lots of

oils and lots of alphas! Sultana™ is the name of one of the most imposing mountains in the US, a perfect name for this hop that has a lot going for it 😊
